Preparing for Your Child's Annual Review

Presented by:

Stephanie Bellantoni, Community Outreach Coordinator,
Hudson Valley Special Education Parent Center

Parents are integral partners in the special education process. This workshop will start with the purpose of the annual review, how the CSE team maneuvers through the various sections of the IEP in their discussion, and measures parents can take to effectively prepare for the annual review so as to properly engage in the CSE meeting. Discussion will include a review of essential online tools to support your preparation, as well as strategies for approaching differences of opinion and keeping the focus on your child.

Two Date/Time Options:

Monday, January 22, 2018

10:00 a.m. – 12:00 noon
